VOLUME 78

A PUBLICATION OF THE WEST VIRGINIA LABORERS' TRAINING FUND

SUMMER 2025

## ***The Passing of the Torch: Honoring Legacy and Embracing New Leadership***

**D**ennis Martire, our Mid-Atlantic Regional Business Manager since 2002, will be retiring on July 31, 2025. Throughout his illustrious career, he has consistently demonstrated unwavering dedication to advocating for the interests of LIUNA members and all workers. Dennis graduated from West Virginia Wesleyan College in 1986 with a degree in Government. He joined LIUNA in 1990 as an International Representative and quickly moved up the ranks, becoming Assistant Director and then Director of the construction department. By 2000, he was Assistant Regional Manager, and two years later, he took on his current leadership role. Throughout his career, Dennis has led many initiatives to promote fair wages

and safe working conditions. He's dedicated to making sure workers get the respect, wages, and benefits they deserve. His decades-long commitment to LIUNA has left a lasting impact on the labor movement. Whether he's leading unionization efforts or advocating for better labor policies, Dennis has made a real difference.

As we bid farewell to Dennis Martire, we're thrilled to welcome our new Mid Atlantic Regional Manager, Phil Ameris! Brother Ameris has been a steadfast advocate for the working class and LIUNA members of Local 1058 Pittsburgh, PA for over 32 years. He took over as business manager of Local 1058 in 2005 and served for four years before stepping into the Western PA District Council in 2009. Philip is known for his straightforward and no-nonsense approach, with a leadership style that emphasizes "actions over words." This "lead by example" mentality is a reflection of his upbringing and can be traced back to his lifelong dedication to Martial Arts. With nearly five decades of training, Philip has achieved the prestigious rank of 9th Degree Black Belt in AIMA Taekwondo. He continues to teach this valuable skill to the youth in his community and has been inducted into several local and national Martial Arts Hall of Fame. Brother Ameris is committed to not only the Region but also deeply proud of what we accomplish together as a council. He expresses gratitude

for our efforts and is eager to provide us with the tools we need to grow our membership while prioritizing the well-being of our hardworking members. Phillip's journey from the field to leadership showcases his expertise and understanding of this profession. I'm thrilled and proud to have a leader who genuinely cares about our workers and shares our family values and hard-working spirit.

Dennis Martire's legacy was truly inspiring. Phillip Ameris will take us forward, working hard to protect our Region, Council, Local Union Halls, training centers, and membership. We're thrilled to have Phillip Ameris as our new Regional Business Manager!

## Hod Carrier Award

Retired **Local 984** Business Manager Rick McGrady (L) is presented the Hod Carrier Award by Brendan O'Sullivan LIUNA Mid-Atlantic Regional Assistant Manager & Director of the LIUNA Construction Department.

# New Efforts in Recruiting

Since 2020 recruitment and hiring have gone through many changes throughout our district council's jurisdiction. Where word-of-mouth and local workforce agencies used to meet our needs, we've had to adjust our recruitment efforts to include a team approach from all offices of our organization. Local business managers, organizers, field representatives, and even retirees have contributed to the effort of securing new Apprentices. Some of these efforts are highlighted below.

We've been recruiting at a multitude of career events. The focus of these events has been broad in the approach. First, we have started by educating at an earlier age with visits to elementary and junior high school to let students know about the laborers earlier. We have attended multiple high school events throughout the region. Other career events have been broader in nature and have focused on communities through partnerships fostered with workforce development groups like WV Woman's Works & AFL-CIO/ HRDF programs. These partnerships have provided opportunities for unemployed and underemployed individuals.

Another approach to recruitment has included our website and a social media presence which includes our West Virginia Construction Craft Laborers Facebook and Instagram pages along with the WV Laborers' District Council – WVLDC page. This social media push has highlighted everything from High School Signing Days, the WVLTC Career Awareness Week, Contractor Awareness Day, and tours for various groups.

If you or someone you know is interested in a career with LIUNA, they can visit our website [www.wvccl.org](http://www.wvccl.org) or scan the QR code to fill out an application.
